Dying without a valid Will in England & Wales

ARE YOU STILL PUTTING OFF MAKING YOUR CLIENTS WILL?

READ THE FLOWCHART BELOW, AND YOU'LL CHANGE YOUR MIND!

Every body believes that if they are married their spouse will get everything on their death; this may not be the case as this graph clearly shows.

What is also interesting is the position of a married couple with NO children but their parents are still alive, just look at what happens to your estate then!
 Is this really what your clients would like to happen to their estate?
 If not then **MAKE THEIR WILL** and ensure that the right people inherit what they want them too!
THEN THEY WON'T GET WHAT SOMEONE ELSE MAY WISH TO GIVE THEM!
